Thank you so very much for the excellent care you provided to us during our move to Riverpoint. Not only did you ensure that all of our special requirements were met; you assisted us in coordinating a long distance agreement that was essential to our success. Your accessibility in phone contact and assessing properties to view was a welcome relief. It seems everyone is so busy with day-to-day business that little things can seem insurmountable. Your company took the time and effort to know what our business needs were and you truly worked for us. We are very proud to recommend your firm to other businesses.

I have received more activity and offers on my shopping center while using Brown & Billings Commercial Real Estate Services than any other brokerage. I have previously used multiple other brokerages and have been unable to lease the remaining spaces in my center. Brown & Billings is very responsive and always provides me with updates that let me know what their progress is. I truly appreciate their hard work and motivation to find deals, rather than waiting for deals to find them. I would strongly recommend their firm to anyone who needs to sale or lease their property.

Recently I contracted Brown & Billings Commercial Real Estate Services to list my office building for sale. I was extremely impressed with their marketing ability, and I was very pleased to receive their progress updates. With their dedicated work I had my property under contract in 90 days at over 95% of the asked sales price! I will definitely use their services in the future, and I recommend them to anyone.
